

SOLAR STIK®

24VDC PAM Solar Leash

30 ft - Item # 16-0800102

50 ft - Item # 16-0800107

100 ft - Item # 16-0800108

Put A Leash On It

The rugged PAM Solar Leash connects a Portable Array Module (PAM) to a Solar Stik System. It uses a 4 AWG conductor to ensure that the maximum current will pass to the batteries or management device (i.e., Power Hub or Power Pak) with minimal voltage drop (loss).

The Leash connections are designed for rapid and repeated connections, ensuring long mating cycle life and ease of use.

General

Connectors	<ul style="list-style-type: none">• Amphenol bayonet CB2-22-2SC• Amphenol MC-4 (modified with quick-release mechanism)
Length	30' standard; custom options available
Transport	Fits into PAM case
Warranty	1-year materials and workmanship

Recommended Accessories

25' PAM Solar Leash Extension

Item # is 13-0000057
