

SOLAR STIK®

24VDC Solar Leash

30 ft - Item # 13-000043

50 ft - Item # 13-000026

100 ft - Item # 13-000042

Overview

The Solar Leash uses a 3-pin bayonet connector plug that connects between any 24 VDC Solar Stik and 24 VDC Power Pak, Power Hub, or BOS.

The leash ensures the maximum amount of solar power will pass to the batteries or application.
